

## **IS YOUR UNIT GOING TO NTC or JRTC?**

### **MISSION ESSENTIAL REQUIREMENTS**

**Things to know and do:**

- 1. Has your unit contacted its assigned NTC CSSB/BCT?**
- 2. Has your unit created its DEPEX GCSS ARMY Dodaac's?**
- 3. Does your unit/soldiers have their OCIE issue?**
- 4. Have your CBERNE requirements been established for your unit's mission?**
- 5. Are your Pro mask sized, fitted and issued?**
- 6. Are your Pro mask inventoried and packed?**
- 7. Do all of your soldiers have an IFAK first aid kit issued?**
- 8. Are all your medical eqpt assets at 100% fill as required?**
- 9. Do your soldiers have IOTV, Gen 1 or GEN 2?**
- 10. Do your Soldiers ACH's have the NVG mounts attached?**
- 11. Does your unit OCIE issue meet NTC/JRTC and your assigned BCT requirements?**
- 12. Does your unit know what their Commo requirements are, based on your rotational BCT S6 guidance?**

- 13. Has your unit contacted the BCT S6?**
- 14. If involved in a live fire Rotation, how do you obtain BFT equipment?  
Can your Rotational BCT S6 assist?**
- 15. Does your unit have its MTOE authorization of NVG eqpt?**
- 16. Has your CSSB / BCT informed you of your units NVG requirements?**
- 17. Are all your DA348s (military operator license) up to date and annotated with the correct model i.e. M1151, M1051, NVG's, all terrain forklifts, bus endorsements, ect?**
- 18. Are your weapons and systems, inventoried and packed, is your shipping coordination completed with your BN/BDE/TSC ITO?**
- 19. Does your Unit have the correct blank firing adapters (BFA) for all required weapon systems IE: Red (M16) Yellow (M4) M240 and .50 CAL.**
- 20. Has the Rotational CSSB / BCT provided your unit with its required report Templates and formats so your unit can practice at home station during Battle assy?**
- 21. Is your unit reporting Personnel and Logistical status thru your Chain of Command and thru the CSSB / BCT you are supporting?**
- 22. Has your Battle assy training schedule been vetted to provide adequate time to train and prep / load out, for the NTC mission?**
- 23. Does your unit have a current TACSOP, have you contacted your Rotational CSSB / BCT and discussed their TACSOP with their S3/S6 to**

**ensure that your unit and it's higher can communicate and execute a good MDMP for your assigned missions.**

**24. Have you identified your Digital Enablers? Have you requested during your IPC / PDSS that your enablers receive training at NTC if available?**

**25. Has your unit conducted PCC's and PCI's two Battle assemblies in a row, 120+ days out, to identify shortages and followed up to fill them?**

**26. Do you have the PCC's and PCI's on your training schedule and identified as JRTC/NTC prep events? How do you request IOTV?**

**27. Has all unit personnel, eqpt/transportation requirements, been submitted to and approved by the ITO? Have round trip Bus Charters from SCLA (arrival /departure) airfield been approved and funded.**

**28. Is all transportation requested approved and funded?**

**29. Are all contracts required approved and in place?**

**30. Has your unit reviewed NTC 350-1 and researched the FT IRWIN, NTC website? Has your unit reviewed the JRTC website?**

**31. Have you double / triple checked your lists and requested higher assistance, if necessary?**

**32. Do your Soldiers know the (5) W's and when and where to be, for Unit movement to NTC?**

**If your unit can answer yes to these questions, your execution for your units NTC rotation will be highly successful and can establish your units' proficiency without question.**
